Taking into account the list of candidates published by the European Chemicals Agency in the version of June 25, 2025 the products delivered to you do not contain any SVHC substances greater than 0.1% by mass.

Furthermore, the products do not contain any substances that are subject to authorization in accordance with Annex XIV, nor any substances listed in Annex XVII of the REACH Regulation.

Should a future list of candidates identify a substance contained in a product supplied by us, we will inform you in accordance with the requirements of the Chemical Ordinance.
